Journal of Ethnopharmacology, 23 (1988) 365–366
Elsevier Scientific Publishers Ireland Ltd.

SUBJECT INDEX
Volume 23

Abortifacient properties of an extract from *Sida veronicaefolia*, 27
Adrenergic beta-blocking activity of *Inula racemosa*, assessment of, 3
Aloe vera, two functionally and chemically distinct immunomodulatory compounds in the gel of, 61
Anticomplementary activity of the constituents of *Eucommia ulmoides* bark, 159
Antimicrobial activity, screening methods for natural products with: review of the literature, 127
Antipyretic activity of α- and β-santonin, 285
Anti-ulcer and antisecretory activity of extracts of *Aralia elata* root and *Schizandra chinensis* fruit, evaluation of, in the rat, 109
Anti-ulcer effect in rats of ginger constituents, 299
Arachidonic acid, effects of certain herbal medicines on the biotransformation of: a new pharmacological testing method using serum, 91
Aralia elata root and *Schizandra chinensis* fruit, evaluation of the anti-ulcer and antisecretory activity of extracts of, in the rat, 109
Azadirachta indica seed (neem oil), acute toxicity study of the oil from, 39

Bedouin, two culturally distinct groups, a comparison of common plant usage between, 73

Cajaminose from *Cajanus cajan*, effect of, on gelation and oxygen affinity of sickle cell haemoglobin, 99
Calamintha sylvatica subsp. *ascendens*, pharmacologic screening and antimicrobial activity of the essential oil of, 323
Contraceptive action, non-hormonal, post-coital, of neem oil in rats, 51
Croton penduliflorus seed oil, the extraction, isolation and identification of the purgative component of, 267
Curcuminoids, action of, on the hemolysis and lipid peroxidation of mouse erythrocytes induced by hydrogen peroxide, 105
Cytotoxic activity of plants used in traditional medicine, screening for, 273

Electroencephalogram, acute effects of a khat extract on, in the rat, 291
Ethnobotany of the Egyptian eastern desert: comparison of comman plant usage between two culturally distinct Bedouin groups, 73
Eucommia ulmoides bark, anticomplementary activity of the constituents of, 159

Gastrointestinal smooth muscle preparations, responses of, to a muscarinic principle present in *Sida veronicaefolia*, 313
Ginger constituents, the anti-ulcer effect on rats of, 299
Gonadal system of rats, effects of a Chinese herbal medicine, keishi-bukuryo-gan, on, 151
Grandifloric acid from *Montanoa tomentosa*, preliminary investigation of the estrogenic potential of, 329

Herbal medicines, effects of, on the biotransformation of arachidonic acid: a new pharmacological testing method using serum, 91

Immunomodulatory compounds, functionally and chemically distinct, in the gel of *Aloe vera*, 59
Inula racemosa, assessment of the adrenergic beta-blocking activity of, 3

Keishi-bukuryo-gan, a Chinese herbal medicine, effects of on the gonadal system of rats, 151
Khat, effect of, on maternal food intake, maternal weight gain and fetal growth in the late-pregnant guinea pig, 11

Khat, effect of, on uteroplacental blood flow in awake, chronically catheterized, late-pregnant guinea pigs, 19
Khat, extract, acute effects of, on the rat electroencephalogram, 291
Kratom and the *Mitragyna* alkaloids, ethnopharmacology of (letter), 115

Lipid peroxidation and hemolysis of mouse erythrocytes induced by hydrogen peroxide, action of curcuminoids on, 105
Liver dysfunction, carbon tetrachloride-induced, evaluation of the efficacy of *Melothria maderaspatana* in the alleviation of, 305

Madagascar, south east, plants and traditional medicine in (in French), 165
Maternal food intake, maternal weight gain and fetal growth, effect of khat on, in the late-pregnant guinea pig, 11
Melothria maderaspatana, evaluation of the efficacy of, in the alleviation of carbon tetrachloride-induced liver dysfunction, 305
Mitragyna alkaloids and kratom, ethnopharmacolgy of (letter), 115
Montanoa tomentosa, preliminary investigation of the estrogenic potential of grandiflorenic acid from, 329

Neem oil, acute toxicity study of the oil from *Azadirachta indica* seed, 39
Neem oil, non-hormonal post-coital contraceptive action of, in rats, 51

Purgative component of *Croton penduliflorus* seed oil, the extraction, isolation and identification of, 267

Santonin, α- and β-, antipyretic activity of, 285
Schizandra chinensis fruit and *Aralia elata* root, evaluation of the anti-ulcer and antisecretory activity of extracts of, in the rat, 109
Screening for cytotoxic activity of plants used in traditional medicine, 273
Screening methods for natural products with antimicrobial activity: review of the literature, 127
Sickle cell haemoglobin, effect of cajaminose from *Cajanus cajan* on gelation and oxygen affinity of, 99
Sida veronicaefolia, abortifacient properties of an extract from, 27
Sida veronicaefolia, responses of gastrointestinal smooth muscle preparations to a muscarinic principle present in, 313

Tetrodotoxin and the zombi phenomenon (letter), 121

Uteroplacental blood flow in awake, chronically catheterized, late-pregnant guinea pigs, effect of khat on, 19

Zombi phenomenon, tetrodotoxin and (letter), 121

Journal of Ethnopharmacology, 23 (1988) 367–368
Elsevier Scientific Publishers Ireland Ltd.
